

Kmart TV
Honey Boo Boo Meets Sofia Vergara
Sportscenter-esque

Version 1:

In a studio setting, relaxed interview style

Sofia: In the entertainment industry, you’re bound to meet a lot of famous people. Robert DiNiro, Michelle Pfeifer, Halle Berry…but I’ve never heard of Honey BOBO?

Director Off Camera: Boo Boo

Sofia: Bless you

Sofia: At first… I did not like her. She’s too loud.

(cut to Honey Boo Boo running through the studio’s halls, yelling, drinking mountain dew, asking what everything is.)

(cut back to Sofia)

Sofia: but then I found out she’s a fashionista just like me. We both have strong opinions on what we like. She likes glitter and feathers; I like powerful prints and perfect fits. We both work what we got.

(zoom in on Honey Boo Boo shaking her belly in the background)

Sofia: And now anyone can be a fashionista like us when they build up their closet with my exclusive collection from Kmart and Shop your Way Reward Points.

(awkward pause)

Sofia: But I still think she’s too loud

(Honey Boo Boo yelling in the background again…rapping about herself)

Sofia yells back: BE QUIET!!!!

(Turns back and looks at the camera like “eh, what can you do?”)

Version 2:

In a studio setting, relaxed interview style

Honey Boo Boo: I go through a lot of clothes for all my pageants, or whenever it’s sketti night at home. Sofia knows how I feel. She goes through a lot of clothes too, she wears something new, like everyday.

(we see Sofia rip her skirt in the background, look around, grab a new one off the chair and run away to change)

Honey Boo Boo: My mama uses Shop Your Way Reward Points at Kmart allll the time and we get so many more clothes then normal.

(Off set –We see Sofia’s back with a new skirt, but then a button pops off of her shirt. Frustrated she pulls another shirt off the Sofia rack and leaves again to change)

Honey Boo Boo: We even get pre-sale access, special events and a personal shopper. Being a member is almost better then being a pageant winner.

(Sofia comes back in the frame, sits down, excited that everything is finally working out)

Sofia: is it my turn?

Honey Boo Boo: Nope. Commercial’s over.

Version 3:

In the bathroom of a studio. Honey Boo Boo and Sofia are sharing fashion advice, putting on makeup, etc.

Director: At first we were nervous to bring these two together

We see Honey Boo Boo and Sofia standing at the mirror (HBB is on the sink) putting on make-up.

Sofia: Can you pass the eye shadow?

(HBB grabs the eyeshadow and goes to hand it to Sofia, but isn’t paying attention and drops it in the sink before Sofia grabs it) (Sofia just stares at her)

Director VO: We honestly didn’t think they’d both show up…so now we’re just kinda winging it.

(zoom out to see that HBB and Sofia are sharing everything and the bathroom is meant for 1. Clothes and makeup are everywhere. Shoes are hanging off of the stall)

HBB *(pointing)*: You should wear those shoes

Sofia *(grabbing shoes off the stall)*: These shoes?

HBB *(pointing again)*: No, those shoes

Sofia *(grabbing new shoes)*: These shoes?

HBB *(pointing again)*: No, those shoes.

Sofia, yelling: I DON’T KNOW WHAT SHOES YOU ARE TALKING ABOUT!!!

(cut back to the director, who is awkwardly optimistic)

Director: I think it’s going well though! We haven’t really started filming anything yet, but we’re all still here… so that’s a win.
